

Merchant of Record Options (MOR)

Merchant of Record Options

Merchant of Record Options

Advantages of being MOR

- Control transaction from inception.
- Access to cash sooner as opposed to 3rd party holding.
- Less regulatory constraints that come with outside MOR.
- Reduction of fees paid.
- Intermingling your processor with other companies creates increased risk for account closure.

3rd Party MOR

Funds settle into 3rd party(Nimble) account in 1 to 3 days

3rd Party generates reports, pays merchant and site on average in 30 days

Consumer Purchase

Site As MOR

Funds settle into your bank account within 1 to 3 days

Reports are generated showing how much merchant is due and site pays merchant
